

Service Tax assesseees

Will continue to be mapped in ACES to Existing Location Codes

Udyog Software (India) Ltd.

13/10/2014

Although the reorganization of formations under CBEC will take effect from 15th October 2014, to avoid inconvenience to the existing Central Excise and Service Tax assessees, they will continue to be mapped in ACES to the existing location codes (Commissionerate, Division and Range). Applicants for new registration can also apply to the existing formations.

After migration of the assesseees to the new formations, information will be sent to the assesseees via email informing them of their new locations. Facility will also be provided in ACES for assesseees to ascertain their new location codes, on their own, without visiting the Range offices, through “know you location code” on ACES website and filling of the registration number.
